TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Peterborough, in the County of Hillsborough, in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the tenth of March next, at eight of the clock in the forenoon (Polls close at 6:00 P.M.).Business meeting to commence at 7:00 P.M. to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing.

Article 2. To raise and appropriate such sums of money as may be necessary for Town Officers' Salaries, Expenses and Election and Registration, District Court, Town House, Police Department, Fire Department, Civilian Defense, Care of Trees, Employee Benefits, Health Department, Sanitation, Vital Statistics, for laying out and repairing of the Highways, Street Lighting, Welfare Department, Memorial Day, Recreational Department, Putnam Park, Town Library, Town Water Charge, Monadnock Region, Town Planning Board, and for any other charge arising within the Town.

Article 3. To see what sums of money the Town will vote to raise and appropriate toward paying the Town Debt and Interest, or take any other action relating thereto.

Article 4. To hear the reports of Agents, Auditors and Committees or Officers heretofore chosen, and to pass and vote relating thereto.

Article 5. To see if the Town will vote to accept legacies and gifts to the Town in trust or otherwise by any individual or individuals, or take any other action relating thereto.

Article 6. To see if the Town will vote to raise and appropriate the sum of One Thousand Six Hundred Eighty Two Dollars and Six Cents ($1,682.06) provided the state gives Eleven Thousand Two Hundred Thirteen Dollars and Seventy Two Cents ($11,213.72) for the construction of Class IV and V Highways, or take any other action relating thereto.

Article 7. To see if the Town will vote to accept Chapter 101 of the New Hampshire Revised Statutes to exclude from the Social Security plan the service of any class or classes of positions of election officials or election workers for a calendar quarter in which the renumeration paid for such service is less than $50.00, or take any other action relating thereto.

Article 8. To see what action the Town will take to accept a parcel of land from the Estate of Louis Teixeira described in a Quitclaim Deed dated 1968 and indicated on a map entitled 1968 Bridge Site out of land of Louis Teixeira dated 6/12/1968, or take any other action relating thereto.

Article 9. To see what sum of money the Town will vote to transfer and use from the income of the Albert W. Noone Trust Fund for capital improvements at Adams playground and pool, or take any other action relating thereto.

Article 10. To see if the Town will vote to authorize the Selectmen to issue an order pursuant to RSA 466:29 restraining all dogs within the limits of the Town of Peterborough from running at large during all or part of the year, or take any other action relating thereto.

Article 11. To see if the Town will vote to raise and appropriate the sum of Nine Hundred Dollars ($900.00) to support the services of the Community Mental Health Clinic of the Monadnock Family and Mental Health Service, or take any other action relating thereto.

Article 12. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars ($5,000.00) to be used by the Selectmen for debt payment on the so-called Con Val Sewer, to take any other action relating thereto.

Article 13. To see what additional sum of money the Town will vote to raise and appropriate for the Capital Reserve Fund for the construction of a Fire Station and Highway Department building, or take any other action relating thereto.

Article 14. To see if the Town will vote to raise and appropriate the sum of Seven Hundred Fifty Dollars ($750.00) to be used by the Planning Board for printing a book on zoning ordinances, or take any other action relating thereto.

Article 15. To see if the Town will vote to authorize and empower the Planning Board to approve or disapprove, in its discretion, plats showing streets, or the widening thereof, or parks, and upon adoption of this article it shall be the duty of the Town Clerk to file with the Registry of Deeds of the County of Hillsborough a certificate or notice showing that the said Planning Board has been so authorized, giving the date of such authorization. The purpose of this article is to confirm the authority vested in the Peterborough Planning Board by the voters of the Town of Peterborough on March 11, 1958, or take any other action relating thereto.

Article 16. To see if the Town will vote to re-name Depot Street to School Street, or take any other action relating thereto.

Article 17. To see what action the Town will take, if any, relative to the acquisition of a dump site, or take any other action relating thereto.

Article 18. To see if the Town will authorize the Planning Board to review and approve all site plans for the development of land for non-residential uses, whether or not such development includes the sub-division or re-subdivision of land, or take any other action relating thereto.

Article 19. To see if the Town will vote to authorize the Selectmen to borrow sufficient funds to implement the recommendations made by the Space Committee, or take any other action relating thereto.

Article 20. To see if the Town will vote to remove all money held in the Noone Bridge Capital Reserve Fund for use by the Selectmen to finance in part recommendations of the Space Committee, or take any other action relating thereto.

Article 21. To see if the Town will vote to place two bank books known as Overseer of the Poor #21691 and Town Anniversary Fund #21468 in the keeping of the keeping of the Trustees of Trust Funds, or take any other action relating thereto.

Article 22. To see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Fifty Dollars ($1,550.00) for repairs to the chimney at the Library, or take any other action relating thereto.

Article 23. To see what sum of money the Town will vote to raise and appropriate to paint the exterior trim of the Town House, or take any other action relating thereto.

Article 24. To see what sum of money the Town will vote to raise and appropriate to paint the exterior trim of the G.A.R. Hall, or take any other action relating thereto.

Article 25. To see if the Town will vote to raise and appropriate the following for use of the Highway, Water Department, Sewer Department, etc.:

a. $6,710.00 for a communication system
b. $2,000.00 for a tail gate sander
c. $3,600.00 for a pick up truck

$12,310.00 Total,

or take any other action relating thereto.

Article 26. To see if the Town will authorize the Peterborough Conservation Commission to accept from a Charitable Trust the sum of Five Hundred Dollars ($500.-00) and to vote to raise and appropriate One Thousand Dollars ($1,000.00) as the Town share to be used by the Commission, or take any other action relating thereto.

Article 27. To see if the Town will vote to instruct the Board of Selectmen to approve of the inclusion of full time employees in the New Hampshire Retirement System of the State of New Hampshire, which system is provided for RSA 100-A Supplement in accordance with Chapter 134 and raise and appropriate a sufficient sum of money to accomplish the same, or take any other action relating thereto.

Article 28. To see if the Town will authorize the Water Commissioners to revise the Water Department Rules and Regulations Section 14 Main line extensions by striking out the following:

> "at no time shall a capital reserve fund be reduced below $75,000 except in extreme emergencies."

or take any other action relating thereto.

Article 29. To see if the Town will vote to authorize the Selectmen to purchase a new police cruiser and raise and appropriate a sum of money to pay for the same in cooperation with the State of New Hampshire Highway Safety Program, said program to reimburse the Town one half the cost of this new cruiser, or take any other action relating thereto.

Article 30. To see what sum of money the Town will vote to raise and appropriate for repairs to the War Memorial brick work, or take any other action relating thereto.

Article 31. To see if the Town will vote to raise and appropriate a sum of money for a fold-a-tank for the Fire Department, or take any other action relating thereto.

Article 32. To see if the Town will vote to raise and appropriate the sum of Five Hundred Fifteen Dollars ($515.00) for office furniture for the Library, or take any other action relating thereto.

Article 33. To see what action the Town will take relative to an additional street light on Maple Avenue and Old Jaffrey Road, and replace two on Old Jaffrey Road, or take any other action relating thereto.

Article 34. To see what action the Town will take to establish a Capital Reserve Fund for the general purposes of the Recreation Department.

Article 35. To see if the Town will raise and appropriate the sum of Two Thousand Dollars ($2,000.00) for the use of the Recreation Department for capital improvements at the Adams Playground and pool, or take any other action relating thereto.

Article 36. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's Deed, or take any other action relating thereto.

Article 37. To see what sum of money the Town will vote to authorize the Selectmen and the Town Treasurer to borrow in anticipation of collection of taxes for the current Municipal Year, and to issue in the name and on the credit of the Town, negotiable notes therefor, said notes to be paid in the current Municipal Year from taxes collected during the current Municipal Year, or take any other action relating thereto.

Article 38. To see if the Town will vote to adopt a zoning ordinance as proposed by the Planning Board, or take any other action relating thereto.

Article 39. To transact any other business that may legally come before this meeting.

Given under our hands and seal this Seventeenth day of February, in the year of our Lord Nineteen Hundred Seventy.

REPORT OF THE RESULTS OF TOWN MEETING 1969

Article 2. The total appropriation under this article was $301,695.00.

Article 3. Town debt and interest, $6,000.00 Motion passed.

Article 4. Reports of agents, auditors, and committees or officers. Motion passed.

Article 5. Trust Fund. Motion passed.

Article 6. Class IV and V highways, $1,478.45. Motion passed.

Article 7. Improvements of Class V highway; said Union Street, $25,000.00. Motion passed.

Article 8. Negotiate for assistance in construction of sewerage disposal system. Motion passed.

Article 9. Withdrawn.

Article 10. Negotiate for assistance in the purchase, etc. of Electro-Pac Stabilization Ponds. Motion passed.

Article 11. Withdrawn.

Article 12. Engineering assistance in determining alternate methods of financing proposed sewerage program, $2,800.00. Motion passed.

Article 13. Field work and research for sewerage easement plans, $10,000.00. Motion passed.

Article 14. Sewer Study Committee, $1,200.00. Motion passed.

Lawyer Fernald presented Mrs. Bishop a corsage and Mr. Erle Bishop a placard upon his retirement, after 21 years of service, from the planning board.

Article 15. Amendment of "Off Street Parking" ordinance. Motion passed.

Article 16. Withdrawn.

Article 17. Governing sub-divider's treatment of roads, amended to read: treat roads with penetrate and seal with bituminous oil. Motion passed.

Article 18. Increase minimum lot size. Motion passed.

Article 19. $15,000.00 to be held in Capital Reserve Fund for the future remodelling of Town Garage into a Fire Station and future construction of a Highway Department Building. Motion passed.

Article 20. $500.00 for planning board's preparation of proposed zoning ordinance. Motion passed.

Article 21. Planning board study of: A. Fire Station and Highway Department, $1,000.00; B. Dump sites appraisal, $1,000.00. Motion passed.

Article 22. Street lighting $2,588.88. Motion passed.

Article 23. Exchange '68 police cruiser for '69, not to exceed $1,350.00. Motion passed.

Article 24. Withdrawn.

Article 25. Purchase highway equipment $7,150.00. Motion passed.

Article 26. Conservation Commission $1,000.00. Motion passed.

Article 27. $625.00 for Civil Defense equipment. Motion defeated.

Article 28. Health officer's fee for inspections of septic tanks, etc. Motion defeated.

Article 29. Purchase of third step Town Tax Map $6,000.00 Motion passed.

Article 30. Town's Share of General Purpose Accounting Machine and Addressograph not to exceed $5,500.00. Motion passed.

Article 31. Rewiring of Electrical Control Board in Town House $800.00. Motion passed.

Article 32. Repair Town House and War Memorials' brick walls not to exceed $1,200.00. Motion passed.

Article 33. Reconstruction of G. A. R. and Peterson property line walls $1,200.00. Motion passed.

Article 34. Purchase and equip tanker for Fire Department $5,850.00. Motion passed.

Article 35. Change in time of Town Meeting (Amendment) to read – Moderator to appoint study group and report to 1970 Town Meeting. Motion passed.

Article 36. $3,000.00 of income from Albert W. Noone Trust Fund for toilet facility at Adams Playground. Motion passed.

Article 37. Water Commissioners to revise Water Department rules and regulations. Motion passed.

Article 38. Withdrawn.

Article 39. Community Mental Health Clinic $900.00. Motion passed.

Article 40. Prohibit discharge of firearms at Town Dump. Motion passed.

Article 41. Tax Collector's Deed. Motion passed.

Article 42. Borrowing in Anticipation of Taxes $400,000.00. Motion passed.

Article 43. A moment of silence in honor of Town Officials noted in annual reports of 1968 who are no longer with us.

REPORT OF BOARD OF SELECTMEN

For a town to operate at a high level of well being and efficiency there must be a concerted effort by all members of the Board of Selectmen to exercise their duties with the other town officers in a responsible, devoted, enlightened, and courageous manner – or, put another way, manage the prudent affairs of the town. Looking back over the past year, it is difficult to find any one area which seems to be more important than another. So, probably the best thing to do is just begin and not to be concerned about any particular sequence of events.

One of the more difficult and time consuming tasks at the very outset was to transfer the accounting records from a manual to a electro-mechanical system. This was no easy job. Record cards, checks, journals and other related forms, all designed by this office, had to be printed and delivered as soon as possible. With the accounting year well underway, the task of converting became greater each week. Anyway, the job was completed in good order and sooner than anyone had anticipated, and everyone came away without too many scars. A fine job by Mr. Reed and all the girls in the Town office.

We have devised a faster method of Head and Poll Tax billing – saving about 48 man hours. Property tax bills all done mechanically this year, with related substantial savings in time, efficiency and accuracy of calculations. Assessments are another story, but we did the best we knew how. Still a lot of work to do on these; especially in the land area. Listing of assessments can be found elsewhere in the Town Report.

Emphasis this year was also placed on prudent buying and careful spending of the tax dollar. A purchase order system was introduced, and worked quite well for the first year. Cooperation from Department Heads was exceptional. Not all liked the idea and one or two still rebel a little bit. Think they'll see the light and go along with the rest when they realize the advantages.

Did a lot of buying through the State this year – substantial savings in many areas. Standard policy, unless changed by some future Board.

Each Department Head received a monthly statement showing where they were headed with their expenses. All were informed that over-spending would not be tolerated. (Matter of fact, it's illegal to spend money not appropriated.) Department Heads did such a grand job, we ended up the year by turning back about $27,000. to the Town coffers – this after a check of our accounts by the Town's accounting consultants. Of this, about, $10,000

will be carried forward to 1970 (unexpended special articles).

Borrowing in anticipation of taxes starts to come sooner each year. Money is needed not only for current year's town business but also for pre-determined monthly payments to Conval, which are quite substantial.

We prepared a policy and procedure manual and gave each Department Head a copy. Some of the policies adopted this year that directly relate to benefits for full time hourly paid employees, include:

1. Authorization to pay employee difference between military pay and their regular pay when called for annual reserve training duty.
2. Authorized full pay up to two days for emergency short term active duty status for military reserve personnel.
3. Authorization to pay employee difference between jury duty pay and regular pay if called for jury duty.
4. Allows for time off with pay for death in the family and to serve as pallbearer at funeral of fellow employee.

This was done to try and maintain an efficient work force for the Town, especially in the Highway Dept., to meet the ever increasing demands for services. At one time this past summer, we were down to two full time employees and one heck of a lot of work to do.

We think we've survived the turmoil over our decision not to accept any roads from developers until they met certain specifications relative to access, drainage and construction. In other words, do it right the first time. After all, it's our tax money too. No need to spend the Town's money building someone else's roads, nor doing repair, maintenance and reconstruction sooner than normal. We have worked closely with the Planning Board on this and now all plans for roads in developments must meet with approval of the General Superintendent and Selectmen prior to submission to the Planning Board.

Up to now, the business session of the Annual Town Meeting had to be held on the second Tuesday of March, at a time determined by the Selectmen. A change in the law during the 1969 Legislature, now allows the Town to vote by ballot to see if they want two sessions on different days, the first session for election of Town officers (must be done on second Tuesday), and the second session on a date set by the Selectmen for other Town business.

Our friends in the Legislature changed or added

quite a number of pieces of legislation this past session. Some require more record keeping for the Town, some dump still more responsibility onto the shoulders of the Selectmen. Some changes in real estate tax laws make it necessary for a Town Census to be conducted this year, and possibly every year, in order to get the facts to set up the records which the revised laws say we must keep.

Everyday administration of Town Affiairs is becoming increasingly burdensome, and we must admit that we are keeping on top of it only because Mr. Reed and his staff in the Town Office are doing such an excellent job. If the Legislature passes on too many more duties, a Town this size is going to require more clerical help or we'll be buried.

Snow removal still is, and probably always will be, the biggest annual headache of all. Forces for the use of salt are pitted against those against salt. Some don't like sand because it gets on their lawns. Fences are constructed right next to the road, and they get demolished by snow plowing. (Town pays for repairs.) Equipment breaks down. Men get tired and loose efficiency after 48 hours straight going. Road mileage in Town increases every year and developments take time to plow – not like a long street. This year we tried hiring outside contractors to help out – seemed to work reasonably well, but could be improved. Lots of freezing rain and ice this year adding to the trouble! Private plows pushing snow into the streets after the streets have been cleared always a nuisance (ordinance against this). Biggest headache, those who insist that all streets should have blacktop showing an hour after the storm ends.

Another headache yet to come is the sewer construction. Roads dug up, traffic detours, accidental breakage of water mains (it will happen), dust, dirt, inconvenience, construction during winter making snow removal even more difficult, access to driveways and business places disrupted, and we could go on and on. The word here is "patience." If everyone keeps their cool, we'll get out of it in good order.

We see a slight increase in the Town budget this year (about 5%). Mainly due to salary increases in the various departments – we have to stay competitive in order to have a nucleus of a capable full-time working force. This year we are asking the Town to authorize the Selectmen to enter into an agreement to provide a pension plan for full-time Town employees except police (police already covered). Contributory, employee and Town. New Hampshire State Retirement Board is agent. Biggest capital outlay to be sought will be new Highway

garage, and renovating present Highway garage to fire station. Space Committee has done a good job on this, and appears that project can be done with minimal effect on the tax rate.

Let's see, what else. Oh, yes, the one-way street. We got sunk on this one. Seemed like a good idea, looked as though it was doing the job it was intended for. However, no public support – personal contact, written, editorially or otherwise, just a lot of irritable people. News media called it a "fiasco." After considering all angles, we scrubbed the whole deal. More important things to be concerned about.

Finally, our thanks to all who contributed in any way to the successful operation of "Our Town" this year – the girls in the Town Office, Mrs. Sumner, Mr. Reed, and all Department Heads – with a special note of thanks, praise, gratitude to all the faithful and hard-working full-time Town employees whose spirit made it possible to continue when, at times, all appeared to be hopeless.

To those many, many residents of the Town who had faith in this administration, and whose support both publicly and privately made the job a bit easier, a special and heartfelt "thank you." For those who don't have the slightest idea of what's going on in the administration of Town affairs, drop into the Town House any day. Mr. Reed and Mrs. Sumner will be glad to show you what's going on in "Our Town." It's a worthwhile education.

Board of Selectmen

REPORT OF GENERAL SUPERINTENDENT
in charge of

ADMINISTRATION	TREES
HIGHWAY DEPARTMENT	PARK
WATER DEPARTMENT	CEMETERIES

To the Board of Selectmen:

Gentlemen:

On January 1, 1969, under the direction of the Board of Selectmen, I assumed the supervision of the general administration of the Town Office in addition to the areas of Public Works, Parks and Cemeteries.

I have attended the weekly meetings of the Board of Selectmen and other meetings held by the Board as requested. In addition, I have attended the monthly meetings of the Planning Board and, as requested, meetings of the Space Committee and Budget Committee. I have assisted the Selectmen and Sewer Committee by working with the consulting engineers and various State and Federal agencies relative to the planning of a sewerage system. Also as requested, I have cooperated with the Superintendent of Schools and the Conval Building Committee relative to the planning for and construction of Water and Sewer connections for the new Conval School. The following is a summary of departmental activity for 1969.

ADMINISTRATION It was with regret that Mrs. Florence Connell left the employ of the Town as bookkeeper on Janary 30, 1969 after many years of faithful service.

The machine accounting and billing system voted at the Town Meeting in March was set up and the equipment authorized was purchased in order to effect a modern accounting, billing and budget system allowing for, and as necessary, observation of the condition of all accounts, thereby making it possible to keep a more accurate control over the planning and spending of the Town's money. The new billing system for the tax, water, and sewer departments affords speed and accuracy. In line with this new approach, the personnel requirements have been re-classified to allow for more flexibiity in operating this modern system without additional help.

Purchasing of materials and equipment for all departments throughout the Town is now being done by the issuance of purchase orders. In order to avail the Town of the best possible bid prices, items are being purchased from the lists of vendors that the State of New Hampshire has taken bids from and made available to

its political sub-divisions wherever possible. These bid prices result in savings of 40%-50% and more.

A continuing program of up-dating record keeping and filing systems is being carried out.

TOWN HOUSE The brick work on the front foyer and retaining walls around the foyer were repaired and all cracks in the brick work sealed. A general maintenance and correction program was carried out within the building.

The electrical control panel was re-built, redistributing the load on the supply conduits to reduce the hazard of over-heating and other damages.

HIGHWAY AND WATER DEPTS. The new equipment approved by the Highway Department was purchased and put into service. Existing equipment has been carefully maintained on a planned maintenance program and, in consideration of the age of some of the equipment, it is generally in good condition.

The personnel requirements for these departments are becoming more and more difficult to maintain. In a community growing as this community is, it is absolutely essential, in order to provide the services required, that we be in a position to recruit a minimum work force with experience and capability to maintain the services. This can only be accomplished by effecting wage rates, comparable to those paid by local industries, contractors and the State of New Hampshire; together with reasonable fringe benefits. Progress in this direction is being made. In the meantime, it is pointed out that it is extremely difficult to manage this operation with inexperienced help having no knowledge of the community, particularly in the area of snow removal.

The first two months of 1969 saw a continuing heavy snowfall from the last months of 1968. This resulted in a heavy drain on man-power, equipment and finances. During the spring months the usual spring clean-up was conducted.

Drainage corrections were made on:

Old Jaffrey Rd. – 3 new catch basins and 800′ drainage.

Jct. Old St. Rd. and Sand Hill Rd. – 3 catch basins and 100′ drainage.

600′ overland draining the area of the high school and St. Peter's Church property to the Contoocook River. (This eliminated a bad errosion condition of the embankment between the St. Peter's Rec-

tory and the Town Garage and damage to properties on Summer St.)

The TRA improvements approved for Union St. were completed up to re-surfacing; including drainage correction. The project was abandoned at this stage because the Town voted to construct a sewer system which will result in extensive trenching for sewer construction and then result in the re-surfacing of Union St.

Ten miles of ditching to insure proper drainage and a mix-in-place surface was applied to: the Gulf Rd., Old Greenfield Rd., Lookout Hill, Rt. 123 to Shedd Hill and Shedd Hill to the Sharon line.

The grade at the intersection of the Old Jaffrey Rd. and Rt. 202 was reduced for easier and safer approach and about 1500 feet in a westerly direction of the Old Jaffrey Rd. was reconstructed in conjunction with the above mentioned drainage work.

Four miles of East Mt. Road was ditched for improved drainage, widened out by blasting in the narrow areas for easier snow removal and the road surface generally prepared for surface treatment in 1970.

Four miles of surface treatment of bituminous sealing oils on Kaufmann Drive, PIDC Development and Mt. View Terrace.

A drainage system was constructed in Reynolds Drive and the road and circle resurfaced. 2600 feet of Old Street Rd. was re-surfaced in conjunction with water main construction.

In cooperation with the Planning Board rules and regulations have been adopted governing the construction of roads and drainage in new developments to insure that when the Town has these roads established as Town roads, they are as free from maintenance as possible.

WATER DEPT. A continuing program of installing outside reading water meters was conducted. 90 domestic water services connections were made to the distribution system. 63 of these were connected in developments at the time of water main construction for future use.

All of the water mains were thoroughly flushed during the spring months. The water storage tanks located off Sand Hill Rd. and off May St. were drained, cleaned and painted. The valving equipment was inspected, cleaned, repaired and adjusted as needed. All of the pumping equipment and chlorinating equipment is being maintained on a maintenance schedule.

2600 feet of 10″ water main was constructed on Old

Street Rd. under the rules and regulations of the Water Dept. governing Guaranteed Main Line Extension. 1800 feet of 8″ water main was constructed by private developers, together with 10 new fire hydrants connected to the system in conjunction with water main construction.

All of the fire hydrants were inspected and repaired where necessary. It is hoped that during 1970 it will be possible for the Water Dept. to get into a more extensive program of replacing the older type hydrants with new ones.

The equipment for adding soda ash to control the corrosiveness of the water supply was purchased. 193,-000,000 gallons of water was pumped to the distribution system, leaving a safe yearly yield of about 90,000,000 gallons from the present facilities.

The Water Dept. is self-supporting with the exception of a hydrant rental from taxation. It is recommended that the hydrant rental charge be stabilized and that in the future all new hydrants that are installed do not reflect a hydrant rental charge and, as the income of the Water Dept. will allow, the stabilized rental charge be gradually reduced, thus eliminating any reflection of the cost of operating the Water Dept. in the tax base of the Town.

SEWERS There is a growing maintenance requirement involving expense of the existing Town sewer system. It is intended to keep this at a minimum in view of the fact that the Town has voted to construct a new sewer system in the immediate future. 1800 feet of sewer main was constructed from the Conval School to the interceptor from Electropac to the sewer lagoon acquired from the Peterborough Industrial Development Corporation.

DISPOSAL AREA This area has been maintained during the year and a program of rodent control was instituted which has resulted in a sharp decrease of rodent activity. In cooperation with the Planning Board, continuing study is being made of areas to operate a sanitary land fill.

TREES A program of tree work was carried out and trees that were dead and/or determental to safety were removed from Pine St., Cheney Ave., Old Street Rd., Old Greenfield Rd., Hunt Rd., High St., Union St., Elm St., and the Old Dublin Road.

PUTNAM PARK Under the Putnam Park Committee I have caused the Park to be maintained as directed.

CEMETERIES Under the Cemetery Trustees I have

have caused the cemeteries to be maintained and improved. This section has been self-supporting requiring no tax money for the last two years.

In concluding this report, I wish to express my appreciation to the Board of Selectmen and citizens for their confidence and support, to the office staff and Town employees for their loyalty as well as the cooperation of all others engaged in conducting the affairs of the Town.

It is a continuing pleasure for me to live in and serve the Town and I look forward to the year ahead hoping to be of assistance in administering and planning for the present and future of "Our Town."

Harry H. Reed, Jr.
General Superintendent

BUDGET OF THE TOWN OF PETERBOROUGH, N. H.

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1970 to December 31, 1970. Compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year January 1, 1969 to December 31, 1969.

BUDGET COMMITTEE REPORT

The Budget Committee has met and reviewed all budgets which are likely to be reflected in the Peterborough tax rate. It has become apparent to us that the necessary increases are largely due to one cause.

Inflation has played an important role in the economy, regardless of level. The generally accepted figure of a 6% price increase has had its impact on Peterborough. We feel that a major share of the increases are due to necessary wage adjustments. The town must be able to retain qualified employees so that the day-to-day operations will continue smoothly.

The selectmen have also requested that if a department feels a need for an increase, the department head must be able to supply a satisfactory explanation. This precludes any possibility of an unjustified expenditure or taxpayer dissatisfaction with the operation of a particular department.

We would like to state our pleasure over the newly adopted town bookkeeping system. What has been desperately needed for many years is now a reality. No longer in existence is the Budget Committee member's nightmare of trying to locate a fact or figure in a maze of odd papers. Time is of the essence when our work is to be done.

We feel that the Space Committee has taken on a difficult task in trying to arrange adequate cover for all town departments concerned. Much effort and time has been expended by those accepting the job. The result appears to be a very well thought-out solution. The Budget Committee recommends adoption of the Space Committee plan regarding the funding of this program.

The Budget Committee feels that the Civil Defense program should be voted the sum of $500.00. This amount is to be used at the discretion of the Director who will furnish the Selectmen an accounting of expenditures including any Federal grants.

We have carefully reviewed the budget of the Recreation Committee and feel that there is one questionable item. It concerns the sum of $275.00 to cover the expenses of the Director in attending the National Conference. We think that the combination of the expenditure plus the fact that the Director will be absent from his job for one week are sufficient grounds for our recommendation. He will be attending two local conferences and we feel that these will be less expensive in both time and money.

PETERBOROUGH TOWN LIBRARY, 1969

Your Town Library continues to grow with its many activities and the generous support of the community.

Among the year's achievements was the establishing of the McGilvray Room for historical and genealogical research. The Room contains a complete file of the PETERBOROUGH TRANSCRIPT as well as a large collection of New Hampshire town histories and a smaller collection of town histories from other New England states; the map file and material on the MacDowell Colony. Mrs. Helen Richardson has been cataloging this material and expects to complete the project shortly.

A much-needed work room was developed utilizing unused kitchen area downstairs. New light, desk, chair and typewriter along with a sturdy work-counter and shelves complete the compact service area.

Under Title III of the Library Services and Construction Act (LSCA), the Library received from the State Library a 3-M photo-copying machine which is housed in the W. Dean Howell's study in the Eben Jones Wing. The machine is staff-operated and a fee of 10¢ is charged for each page copied.

Under this same act, a number of large-type books were received as well as a year's subscription to the large-print weekly edition of the NEW YORK TIMES and the READER'S DIGEST. Patron response has been enthusiastic about these library materials.

National Library Week celebrated in April saw a display of our circulating library materials in the Peterborough Shoe Store. Children's Book Week in November featured another display in Derby's Department Store window.

Cooperation between the Peterborough Consolidated School and the Town Library continued with many elementary grades visiting the library during National Library Week and Children's Book Week. The special class became a regular visitor during the fall and now comes to the library each Wednesday afternoon. Teachers are welcome to borrow books for their home-rooms for periods up to eight weeks. It should be pointed out, however, that the Town Library is a PUBLIC library and as such is not curriculum oriented as an elementary school library would be.

"Indians of Lower New Hampshire" was the theme for the summer reading program during which 674 books were read. This meant that 674 wigwams, tomahawks, canoes, braves and their belongings were pinned on the free-form map of lower New Hampshire. To mark the conclusion of the program, reading certificates were given to 70 boys and girls, and the Woman's Club sponsored a party at which Professor Howard Sargent of Franklin Pierce College spoke and showed color slides on digging for Indian artifacts in our state.

Mrs. Helen Richardson, Mrs. Frances Russ and Mrs. Gloria Murray attended a ten week course at Keene on "Programs and Services for Adults and Young Adults."

The Family Film Program held the first Tuesday of each month except during July, August and September has grown in popularity. During the winter months, a film program is being given at the Scott-Farrar Home. Every fourth week, in lieu of story-time, there is a special film for children. Story-time is conducted capably by Mrs. Fraces Russ for the picture-book set and Mrs. Josephine Franklin for the older group.

The Library has become a depository for twenty films on Canada supplied by the Canadian Travel Bureau. These colorful travel films may be borrowed by individuals, schools or any other group immediately and free of charge.

The North Country Library Film Cooperative ran into heavy going when President Nixon announced during National Library Week a cut in library funds under LSCA. The film program, one of the most popular in the state, was one of many directly affected by this cut, but state funds were used to implement it again late in the

year. Other programs cut included central ordering and central cataloging which had been a source of saving for many libraries throughout the state.

Through the kindness of two Board members, new draperies were made and hung in the Library Hall and the McGilvray Room. The planters at the portico entrance were again filled with flowers by the Garden Club; an up-dated printing of "The Story of The Peterborough Town Library" was sponsored by the Peterborough Savings Bank; bright and useful bookmarks were again supplied by the First National Bank of Peterborough and the Bellows-Nichols Agency. Our sincere thanks to these people and to the many others who have contributed funds and materials to the library.

Increased popularity of the Listening Room showed almost continuous use of its equipment, and consideration might be given to the purchase of a similar but simpler unit for children's use.

Exhibits placed throughout the library during the year have drawn the attention of visitors and patrons to some of the resources of the library. Reading lists have been a guide to special areas of reader interest.

The librarian was one of twelve in New Hampshire chosen to attend a sophisticated Public Relations Workshop in Boston at the Somerset Hotel during April. At the New Hampshire Library Association June meeting in Plymouth, N. H., she participated in a panel on Personnel Policies. She also attended a Congress of Librarians at Waterville Valley in October where a re-evaluation of the statewide library development program was undertaken and suggestions made as to action at state and local levels because of the cut in Federal funds. At the New England Library Association Convention at Wentworth-By-The-Sea, the librarian was appointed to a committee to study library education in New Hampshire.

The Library Board met faithfully each month to conduct the affairs of the library and to review policies and programs. These meetings held on the third Thursday of each month, 7:30 P.M., at Library Hall, are open to the public.

Staff meetings were held periodically to instruct the staff on policy changes, to discuss technical problems and a number of worthwhile suggestions have come forth.

Your Town Library continues to grow as the town grows. New areas of service are continually being explor-

ed in the hope that more and more people will use the library. For that is what it is for . . . to be used.

Please use it . . . beginning now!

Complaints investigated	811
Cruiser trips to vacant homes	327
Doors found unlocked	585
Street lights out, reported to PSC	209
Defective equipment tags issued	246
Emergency messages delivered	18

Parking tickets issued	386
Courtesy tags issued	87

9 Juveniles arrested in 1969
2 Juveniles (handled within Department and released)
7 Juveniles referred to juvenile court or probation department

Police Cruiser

The police cruiser traveled appproximately 64,000 miles

Conclusion

I wish to take this opportunity to express my thanks to the Board of Selectmen, members of the Police Department, members of the State Police, Judge Kenneth A. Brighton, Clerk of Court, Stella L. Sumner, Superintendent of Public Works, Harry Reed, Thelma Turner, Town Bookkeeper, Patricia Spiller, Merchants and Citizens of Peterborough, for the cooperation given me in the performance of my duty as Chief of Police during the past year.

Respectfully submitted,

Arthur G. Jackson

Chief of Police

REPORT OF THE FIRE DEPARTMENT

We wish to take this opportunity to thank the citizens of Peterborough and the other town departments for their support and assistance during the past year.

Thanks to early reporting of fires and a rapid response on behalf of the firemen we were able to keep the estimated fire loss down to $6,800. The fire alarms for the past year may be summarized as follows:

Building Fires	9
Grass and Brush Fires	10
Automobile Fires	3
False Alarms	1
Sprinkler Alarms	3
Mutual Aid Calls	6
Miscellaneous Alarms	4

This has been an active year for the fire department in other areas. The members of the department raised enough money to purchase tone controlled radio monitors for each fireman. By means of radio we can activate these monitors and notify the firemen of a fire or give any message of importance.

Another project that was completed during the year was the conversion of a second-hand oil tanker into a fine 2,000 gallon tanker with a 500 gallon per minute pump. This truck compliments our other apparatus and gives us a total of 3,200 gallons of water ready for immediate use upon arrival at the fire.

We worked with many groups on a fire prevention program and during fire prevention week held an open house at the fire station. This was a very successful program that we hope to continue and expand in the future.

Respectfully submitted,

Merton S. Dyer, Chief
David W. Crooker, 1st Deputy Chief
Lawrence C. Bishop, 2nd Deputy Chief

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Less fortunate than our northern towns, we had too many fires. Carelessness in burning trash and discarding smoking material and children playing with fire caused

most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follows:

FIRE PERMIT

A **fire permit** is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be **prior to 9:00 a.m., and after 5:00 p.m.**

EXCEPTIONS

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Leconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

PENALTIES

1. For kindling a fire without a permit. Maximum of $200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is $500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland, maximum fine is $25.00.

Fire prevention is a personal matter and a good habit. Keep our own free from smokes in 1970.

REPORT OF CIVIL DEFENSE

December 31, 1969

To: Board Selectmen:
Frederick Smith, Chairman

From: Carl W. Wood, Civil Defense Director

Subject: Report Civil Defense activities for 1969

In as much as it would seem that your Civil Defense Organization has been lying in a dormant condition, we must say this is not the case.

With the increase in upgrading of Civil Defense requirements over the Nation in order to prepare its functional duties to meet any natural or other disaster with the best of local capabilities at its disposal, your organization – consisting of 41 dedicated personnel – has been active and busy.

In compliance with the State of New Hampshire Emergency Plan and Local Emergency Plan, all Unit Leaders – to wit: Warning, Communications, Welfare, Shelter, Medical, Radiological, Rescue, Transportation, Fire, Police, Supply, and Administration – have prepared their respective units for emergency.

We have answered – and one as directed by Warning – three (3) "checkerboard" Alerts, and phoned out to twelve (12) towns surrounding Peterborough. Our staff has taken part in several seminars sponsored by the State Civil Defense Agency and the University of New Hampshire relating to Civil Defense functnonal duties; has certified ten (10) Rescue Unit personnel as a result of a 10-week course in Rescue work; has licensed and supplied three (3) new Shelters which, with two (2) already licensed, made five (5) Shelters ready for emergencies. Four (4) new potential Shelters have been surveyed recently by the Corps of Army Engineers. These will give us nine (9) Shelters; and, with the family homes that have been surveyed, we will have protection for approximately ninety percent (90%) of the Town's population.

We gave support to the Monadnock Community Hospital's simulated bus accident. We were on a standby situation during last Spring's flood threat. We supplied the Highway Department with sand bags. We increased the Rescue Unit's truck equipment. Our Communications Unit has checked in on the State Civil Defense network every Tuesday night, as is required.

Our Administrative Secretary has set up a very efficient filing system.

The State Civil Defense Agency has been very co-

operative and responded to our requests at all times and with no hesitation. A recent audit by United States and Region I auditors advised us that we are in good shape.

Respectfully submitted,

Carl W. Wood
Director of Civil Defense

WHITE PINE BLISTER RUST CONTROL

Blister Rust Control Area in Town	22,248 Acres
Pine Area	11,897 Acres
Area Detailed Mapped	22,248 Acres
Work coming up in 1970	1,431 Acres
Recommended Appropriation for 1970	$150 00

Keene, N. H.

HEALTH DEPARTMENT REPORT

The following is my report as Health Officer for the year ending January 31, 1969.

I have investigated 261 complaints and inspected 83 septic tank systems.

A file is being kept of all plans approved by the State of New Hampshire Water Supply and Pollution Control Commission relative to the installation of septic tank systems.

$900.00 was paid through this department to the Monadnock Family and Mental Health Service.

James Farrell
Health Officer

REPORT OF THE PETERBOROUGH CONSERVATION COMMISSION

At present the Peterborough Conservation Commission controls approximately 75 acres lying in the so-called "swamp woods" area in northwest Peterborough, off Route 202, its northern boundary just south of the Peterborough-Hancock line.

The land is largely beaver flowage, fed by springs and two brooks. There are beaver, muskrat, mink (and sometimes otter), black ducks, wood ducks, partridge and deer. It is a true wild life area. Along its western and northern borders are mixed forest growth and shrubs and ground cover of extraordinary variety and beauty. The number and kinds of bird life are unusual – even for this region.

Members of the commission have walked the property – in all seasons – and explored with Mr. Brown of the Hillsborough County Soil Conservation District the opportunities for a nature trail (or trails) beginning from the north boundary, with entrance through the land of Mr. L. A. Daloz of Hancock. (Mr. Daloz has given the commission some 15 acres of his land.) Mr. Brown shared our enthusiasm and endorsed the idea of a trail.

So it is the hope and the plan of the commission – with the advice and assistance of the Soil Conservation personnel – to create a permanent nature trail from the Peterborough-Hancock line to the area just west and behind the Conval School buildings, and a part of its property.

Among others, Mr. Edwards, superintendent of the School, has been consulted and fully agrees (perhaps the suggestion was his) to the use of part of the school's wooded and natural area as an "outdoor classroom" from which the nature trail would lead – an open door.

As we conceive the trail, it would of necessity be largely through property other than the commission's. Permission to make the trail through their lands has been sought from most landowners concerned, and granted by all contacted.

Mr. William House, surveyor, is at present marking the Conservation Commission boundaries.

Mr. Robert Richardson, Peterborough Boy Scout Leader and a commission member, has made the attractive Conservation Commission sign which stands off Route 202 on commission land. He and his Scouts have made and will shortly place a number of wood duck boxes in

the area. This has been a most generous contribution of skill and time and labor.

In its efforts the commission seeks the support, the advice and the sharing of the town. The commission's purpose is to acquire "open space" lands whose best use is to preserve them as they are, to hold in natural balance the ecology of land and water, forest and wildlife. Our present land – a beaver flowage mostly – is invaluable in its contribution to the water table of the region – a wet link to the waters under the earth. They are invaluable also as a reservoir and a sponge to gather and hold waters of flood time. These lands, to our everlasting loss, could have been used as a new dump site, or drained and bulldozed and developed into house lots.

The commission welcomes gifts of land or money – money to purchase what may not be given – lands that should be purchased for natural preservation. Commission lands are in fact town lands – owned by the town. The commission acts as the town's agent in the acquiring and management of these lands.

This year the commission has an article in the warrant asking for $1,000.00 (as it asked – and received – last year). Upon passage this commission will receive a possible gift of $500.00 from the Potter-Spaulding Charitable Trusts in 1970.

The commission has held regular monthly meetings throughout the year.

It presents herewith the statement of its financial condition as of December 31, 1969.

Appropriation	$1,000 00
Potter-Spaulding Trust	500 00
Revenue (donation)	10 00
Total	$1,510 00
Payments	46 50
Balance	$1,463 50

RECREATION COMMITTEE REPORT, 1969

The second year of full time recreation for the citizens of "Our Town" is behind us and your committee in charge of these leisure time pursuits is happy to report that 1969 was again a banner year.

Although hampered somewhat by the lack of adequate indoor facilities, the fall and winter lineup of activities continued to offer a wide range of programs for all ages.

Programs offered included a housewives morning bowling league, Halloween window painting, Halloween party, Hunter Safety course, junior soccer, men's physical fitness classes, women's physical fitness classes, ballet and tap dancing lessons, junior and senior high foul shooting contests, junior basketball and a special Saturday morning program for youngsters.

The addition of slot racing and carrom billiards have continued to make the Teen Center a most popular gathering place after school and on Saturdays. These two new activities plus three ping pong tables, a pocket billiard table, a bumper pool table, juke box and a number of individual skill games affords each participant an opportunity to fulfill his leisure time needs.

Other new programs offered during the year included a soccer program for seventh and eighth grade boys, recreational swimming at Clarke Memorial in Winchendon, Mass., ladies' slimnastic classes and judo instruction for high school students and adults.

Trips were conducted to the New England Spring Garden and Flower Show, to a Red Sox game at Fenway Park, and to Boston Garden to view the 1969 version of the world champion Celtics.

The Teen Advisory Council put in an active year holding numerous meetings and providing a voice for teenage needs. Projects undertaken included the sponsorship of eighteen dances, spectator buses to away basketball games, transportation for recreational swimming at Clarke Memorial, a children's stage show, decorating of the Town House at Christmas, and took an active role in the first annual children's Christmas party.

This year's summer program got underway, as usual, with the baseball season in early May. Since its beginning some fifteen to seventeen years ago, this program has been administered by a devoted group of volunteers who have put in thousands of man hours in building a pro-

gram for our boys that is second to none. Not only has the manpower been volunteer, but all finances over the years have come from contributions, and the running of tag days and penny sales. These events, again, took hard work and many long hours of volunteer efforts.

For these reasons your Recreation Committee feels it only proper that the Recreation Department take a more active role in providing this fine program for the boys of the community. To partially meet our responsibility we have included $500.00 in our budget to aid in financing this program that includes ten teams and 150 boys, six through sixteen years of age.

Two teams for boys thirteen through sixteen years of age were added to the program in 1969. These boys played in a newly former Senior Crotched Mountain league against teams from Dublin and Bennington. Added to the four team Pee Wee league (ages 6-9), the four team Junior league (ages 10-12) and the Micro team, a member of the Crotched Mountain league for 10-12 year olds, and you have a baseball program that meets the needs of every boys in the community from first grade into high school.

The playground and pool season began in late June and again our staff was overwhelmed with 350-400 registrants. However, due to advanced planning, we found that our proposed increase in the staff paid huge dividends in that an orderly, well rounded and thorough program was offered at both the pool and on the playground.

Judging from the enthusiastic response from parents and participants, the two playground leaders this year presented a program of activities that were stimulating and rewarding.

Activities included the old stand-bys such as badminton, ping-pong, volleyball, basketball, softball, checkers, chess, arts and crafts, low organized games and horseshoes.

For the first time in many years several new activities were instituted which caught the imagination of the youngsters. These included parachute games, hula hoop and frisbee contests, overnight camp outs, field hockey, games using old unusable tires, scoop lacrosse, rope skipping, bloodball game, capture the flag, cookouts, nature hikes, box hockey, story telling, scavenger hunts, music, drama, bike hikes, and new interesting sounding games like konano and sacket.

Although hit with an unusually rainy summer our experiment with increased pool time from six days and

four evenings to seven days and seven evenings proved to be a tremendous success. The increased hours of operation enabled us to set up an improved lesson schedule, offer more time for swim team practice, and more total hours for recreational swimming. These all combined to make it possible for overall improvement in the entire swimming program.

The highlight of the competitive swimming program was the team's participation in the Fourth Annual Knights of Columbus swim meet against 200 participants from six different communities.

The swim season came to an end with the Major A. Erland Goyette competition which determined the outstanding girl and boy swimmers of the year to be Debbie Shea and Kevin Chapman.

The sum of $3,000.00 from the Albert W. Noone Trust Fund has been carried over for expenditure in the spring of 1970 for construction of a toilet-storage facility on the ball field side of Adams Playground.

Peterborough's expressed needs are as follows:

1. Extensive capital improvements to both the playground and to the pool including improvements and repairs to buildings, reconstruction of the tennis courts, recaulking and painting of the pool, and improvements to the bathhouse.

2. Construction of a new skating area.

3. Improvements to existing and construction of additional ball fields to accommodate an expanding baseball program and to facilitate the organization of softball for girls.

4. The need for a building to house recreational pursuits of all kinds has been stated many times in the past. Your committee feels very strongly that utilization of the present fire station when vacated by that department as a "community building" will serve the interests of the total community and aid in alleviating a space problem not only for the Recreation Department but for other community groups and organizations as well.

Needless to say, it would not be possible for our department to be successful in carrying out its intended goals and objectives without the tremendous support it has received throughout the year from other departments, organizations and individuals. In closing this report, we must pay tribute to and express our deepest appreciation to our most capable staff, the Board of Selectmen, the Police Department, the Fire Department, the School Department and to the many, many organizations and in-

dividuals who so generously offered time and assistance to the Recreation Department during the year.

Respectfully submitted,

Richard Barron, Chairman
Gordon Kemp
Ruth Craig
Floyd Wakefield
Leroy Pettee

PLANNING BOARD REPORT

The Planning Board has held twenty-two (22) meetings since the 1969 Town Meeting.

The Board, with the assistance of the Selectmen, was instrumental in obtaining the State Highway Department's approval of relocating and improving U. S. Route 202 northerly from the North Peterborough bridge to the Contoocook Valley Regional High School. The State has also agreed to obtain the necessary land on the west side of Route 202 so that the Town can construct a sidewalk from the bridge to the school at nominal expense. The Selectmen anticipate that the sidewalk construction expense can be incorporated into the normal highway department budget.

One major sub-division was approved, the Peterborough Industrial Development Corporation's "Pineridge, Phase III," consisting of 28 lots. The Lloyd Reynolds subdivision, Mountain View Drive, (24 lots) and the Lloyd Reynolds sub-division, MacDowell Road, Phase I (40 lots) are now presently being studied. In addition, the Board approved fourteen (14) other sub-divisions of two lots each.

The Land Sub-Division Regulations were revised and amended on May 12, 1969.

Pursuant to the vote of the 1969 Town Meeting the Board has drafted a Zoning Ordinance for the Town and has held the necessary public hearings to consider and explain the Ordinance.

The Board has placed two articles in the Warrant concerning its authority to act. One article reaffirms the authority given to the Planning Board by the 1958 Town Meeting. The State Legislature has broadened the work

of the Planning Board since the 1958 vote and the Board has assumed these extra duties. A possible legal question has been raised, however, as to whether or not the Town must vote this further authority to the Planning Board and to clear the air we are asking the Town for this confirmatory vote. The second article involves the right of the Planning Board to approve site plans for the development of land for non-residential uses, even though land sub-division is not involved. Adoption of this article will give the Planning Board the authority to review and regulate the development of Shopping Centers, Industrial Plants and the like to ensure there is adequate off-street parking, sufficient setbacks, and proper storm water drainage.

The 1968 Town Meeting instructed the Planning Board and the Selectmen to review the Town Dump situation and report back to the 1969 Town Meeting. Present State law requires all burning dumps to be discontinued after 1972. The present Town Dump, in close proximity to the Contoocook Valley Regional High School, is leased only on a year to year basis. The entire Town has been canvassed for possible dump sites with this joint committee searching particularly for location with good access, adequate size for sanitary land fill, the least possible annoyance to neighbors, and proper gravel and sand deposits for land fill operation. A seventy-five (75) acre site, east of Route 202 opposite the Lussier Construction Company headquarters is the first choice of the committee and it has the necessary approval of the State of New Hampshire. All of the above was reported to the 1969 Town Meeting and it instructed the Planning Board to hire a professional appraiser to determine the value of this land. We now have the appraisal report and the Planning Board strongly recommends to the Town that it authorize the Selectmen to take whatever steps are necessary to acquire said land.

SEWER COMMITTEE REPORT

Since last year's report of the Sewer Committee, major progress has been made. The committee wishes to thank the voters for their 12-1 endorsement of the sewer bond issue at the Special Town Meeting held last fall. This vote cleared the last local problem standing in the way of 10 years effort to bring Peterborough a municipal sewer system.

Pre-financing authorized by the last session of the General Court and urging by the State Water Supply and Pollution Commission were the major reasons for having the Special Town Meeting. At the time, it appeared that the project would go to bid 30 days after the vote.

However, once the project left the local level as it has to because of State and Federal Aid Dollars, the bureaucratic ribbons of red tape began to enfold it.

The major problem encountered and still not fully resolved was the matter of whether to continue with our present firm of engineers or to engage a new firm. The matter of fees was uppermost in this problem and is being dictated by the State Water Supply and Pollution Commission. Our present engineers as of this writing are wanted and will carry out the construction phase once the State makes up its mind regarding the fee schedule and the contract the Town will be allowed to enter into with its engineers.

Once the above is resolved, things should move along again. The letter of authorization from the Federal Government to proceed has been received and the final stages of working with the State Water Supply and Pollution Commission are creeping along. With any degree of good fortune we may begin to be able to advertise for construction bids within the next few months.

The committee wishes to thank the townspeople for their support and is now looking forward to the work that will have to be done during the construction phase of the project.

REPORT OF THE SPACE STUDY COMMITTEE

BACKGROUND

The Space Study Committee was created by approval of a Planning Board motion at the regular Annual Town Meeting in March of 1969. Members were appointed by Moderator Dane Cummings. The objectives of the Committee were outlined by the moderator and Planning Board in April, and simply stated, they were to study and recommend to the next annual town meeting (March 1970) a prudent course of action regarding the construction and use of present town buildings and facilities and needs for the future. This is the culmination of activities conducted during the past three years by the Selectmen, Fire and Highway Departments.

THE STUDY

Our review consisted of meetings and site examinations with the following town departments:

Board of Selectmen
Planning Board
District Court
Police Department
Recreation Department
Library
Town Office
Town Clerk
Highway, Water & Sewer Department
Civil Defense

The chief problem is to resolve the over-crowded Fire Department's need for expanded facilities. The town has appropriated $15,000.00 for each of the past two years for a reserve fund to be used for this purpose. We are grateful to the various town departments for their complete cooperation. Frankly, we were surprised and delighted to find that the task as assigned was easily resolved due to the great amount of time already devoted to this end by the town department heads. Our job and ultimate recommendation then became one of assembling the "building blocks" to allocate new space and improve existing buildings. Important supplements to this report are the building and site plans which will be posted at the Town House prior to Town Meeting to acquaint everyone with our recommendations.

RECOMMENDATIONS

The demands on tax revenues always exceeds the supply. We do not feel that the town should, or needs,

to accomplish all of our recommendations this year. We have therefore assigned two priority categories:
1. 1970 construction, remodeling and appropriations
2. Post 1970 program.

1970 PROGRAM (1st Priority)

The following recommendations are considered a must for this year:

1. The Public Works garage and Fire Station (Number 1 and 2) share the same urgency since they are tied together.
   Recommended: The construction of a new garage for the Highway, Water and Sewer Departments.
   A. Location: Evans Flat land presently owned by the town, access from Elm Street by town owned right of way. This 26 acre site is considered the best alternative of those studied due to factors of capital outlay and proximity to the work conducted by this department. It is felt that by adequately fencing and landscaping, adjoining land values will not be materially affected since the building will be substantially the same as the neighboring commercial properties. The tract is large enough to permit a well organized and orderly yard operation. Consolidation of storage now located at South and North Peterborough well sites, town highway garage (Summer Street) and the Town House would make a far more efficient operation. In addition extra land should still remain at Evans Flats for other town uses should they develop in the future.
   B. Building: We are recommending that a steel building of 10,800 square feet of the "Butler or Stran Steel" type to be erected. The Committee with Harry Reed have made a preliminary study of this type and it should provide a maximum of space at a low average cost while still being attractive. The site development costs should include access road, chain link fence and landscaping.
   C. Estimated cost for this phase is $100,000.00.

2. Fire Department
   We recommend that the Fire Department move from their present location on Main Street to the present Highway Garage on Summer Street.
   A. Location: This site is ideal for central access for fires and proximity to the volunteers homes and work. Adequate parking areas (38 spaces) are available in front and back. The access to Main Street

can be made safely. The Fire Chiefs concur with this recommendation and it was their first choice after a two year study of other sites.

B. Building: The bay arrangement at Summer Street will be as is. The remodeling required will consist of closing one bay for a meeting room, toilet facilities, chief and deputy office, communications room, and kitchen.

C. Estimated cost of this phase is $40,000.00.

3. Town House

Repartitioning and Layout: Part of our Town House recommendations will be found under Post 1970 Programs. The Town House is a fine structure. We are indeed fortunate to have it. We believe the basic shell is in good shape and what is needed are interior alterations.

The following is required this year:

A. Town Offices: More space is needed and justified for town operations which include Selectmen's office, Bookkeeping, Highways, Water and Sewer. We recommend partitioning additional offices on the north side of the lower town hall similar to the town clerks offices on the south. (See plans.) Since the sewer construction is starting this summer this is needed now. We recommend that the Selectmen draw specifications and select the best bid for construction (this need not be the lowest bid since time and quality should be considered).

B. District Court: The court case load has greatly increased with the expansion of the District Court system. Judge Brighton has requested about 50 to 100% more space with an improved layout. This can be well taken care of by using the remainder of the lower Town Hall for this purpose.

C. Existing Court Room: We recommend this be used for a general Town Meeting room. There is enough demand by town committees at present to justify this.

D. Finances and Appropriations:

The total of the above estimated costs is as follows:

New Highway Garage	$100,000 00
Remodeling of Fire Department	40,000 00
Remodeling of Town House	8,600 00
Contingency	11,000 00
Total Estimated Cost	$159,600 00

Existing Funds as of 2/1/70:	
Fire Department Reserve	$31,389 52
Noone Bridge Reserve	23,210 79
Total Existing Funds	$54,600 31
Total Appropriations:	
Total Estimate Costs	$159,600 00
Less Total Existing Funds	54,600 00
Total Appropriations Required	$105,000 00

We recommend that the Selectmen raise $15,000.00 by taxation this year and the balance through 6 year notes or bonds. Since the town has appropriated this amount for the past 2 years a continuation of this to pay off the notes would have a negligible effect on increasing the tax rate.

4. General Comments

   We believe the Selectmen and Department Heads should obtain estimates, raise the funds and start construction at the earliest possible date. This problem was a recognized need three years ago and a sinking fund started for this purpose. The committee is willing to continue to assist in any manner during the next year as requested by the Selectmen. A review of Federal cost sharing program revealed that they will not be available.

POST 1970 PROGRAM

The balance of our report should be used as a master plan for future use of town facilities at minimum cost consistent with the 1970 Program.

1. The existing Fire House on Main Street should be retained for future town requirements (Recreation, Civil Defense, Communications, offices, etc.). Now is not the time to sell town property. We recommend that a 1 year moratorium be placed on this so that all needs can be considered including a recent request by the Recreation Department.

2. Town House
   A. The Police Department needs renovations. Now, however, because of priorities we recommend it be done in 1971. During this period the Chief and Selectmen should obtain firm estimates to provide an additional cell block, squad-room and office.
   B. Civil Defense should eventually be in a town structure, however, the radiation protection factor re-

quired does not now exist without prohibitive costs. We are grateful to Bellows Nichols and the Trustees of the Historical Society of the loan of their present quarters in the Historical Building basement.

C. Recreation: The Recreation Committee has a long term plan for space needs and new playground area. The Selectmen and Recreation Committee will continue to monitor this, however, no immediate recommendations are made to this town meeting.

D. Town House Kitchens: These should be consolidated and renovated.

3. Library

The Trustees feel that their present space is adequate for some time to come. No recommendations are submitted.

4. Elections

Thought should be given in the future to balloting either at PCS, the Armory or the main Town Hall. In regard to the latter, the committee feels that a gradual access could be provided from Main Street without spoiling the building architecture. The downtown parking on election day is not adequate and should be increased before continuing voting downtown.

CONCLUSION

We reviewed these recommendations with the Budget Committee and discussed them at the Public Hearing, February 18.

Respectfully submitted,

Thomas S. Arnsten
John A. Clements
Ashford W. Peters
Robert D. Stewart
John J. Zimmerman

PETERBOROUGH HYMN

A. D. 1620

God our Father!
    Glory Lord, to Thee!
Before whose voice
    Is mute the thund'ring sea!
Through wind and foam
    Thou lead'st us home—
To Thee be glory through eternity.

Lord, hunger and cold are nigh!
Lord, not for ourselves we cry—
Let not our children die!
Silence your loud alarms
God is our Shield from harms—
He will make strong our arms.
Christ, who hath calmed the wave,
Christ will uphold the brave.
Christ, our Saviour!
    Father of our Faith!
To Thee we bring faint hearts and failing breath,
    Be Thou our Guide!
    With Thee we bide,
To love, to labor, and to hope till death!

Accepted as a gift from Mrs. Edward MacDowell at the Town Meeting of 1928

Music: "A. D. 1620" from *Sea Pieces* by MacDowell, 1898

Words: Written for the Peterborough Pageant of 1910 by Hermann Hagedorn
